

"Letter to Santa Claus"

5A

Dear Santa,

How are you? My name is Mandy and I am ten years old.

I live in the beautiful city of Hong Kong with my parents and my two big brothers. Sometimes I tend to get naught and also scolded for it by my parents. 44

How the weather's been up in the North Pole? Will it snow? It starts getting cold in Hong Kong. I wear thick clothes, scarf and gloves. I like playing the snow but won't snow in Hong Kong. It makes me a little bit upset. 44

I have been a obedient little girl this year. I always help my mum to do housework and massage my parents' shoulders because they need to go to work and felt tired. Also, I did my homework by myself. I have learnt a lot of knowledge. It makes my life enriched. 44

I am writing this letter to you because I hope I can receive the christmas presents that I want to share with others. I would like a teddy bear and a toy car for my little cousin. I always play with them and I love them so much. These are their favourite. I think they will be happy that they get the gifts. I would also like flowers for my mum that I am grateful to her for all that she have done. Finally, My brother broke his leg when he was playing football last week. I wish his broken leg heals up soon. He can play football again. It is his hobby.

I know that it is a lot of work for delivering millions of to kids all over the world in a single night. Thank you for bringing happiness to kids like me every year. I appreciate it so much! I will write the letter to you again on next christmas. 44

Signed your biggest fan, Mandy
